Justification, Rationale and Approach

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Justification, Rationale and Approach | Wheat rusts have destructive role in reducing crop yield resulting in socio-economic insecurity during several era across the globe. Rust management to attain stable wheat production has been a challenge to crop scientists for over a century. The incidence of large-scale epidemics, frequent in the first half of the 20th century, has diminished due to an enhanced understanding of disease epidemiology, the genetic basis of host-pathogen interactions,...
