Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from New Guide to Orange Culture We have been engaged in orange culture for the last ten years. During this time we have found it necessary to propagate nursery stock for our own use. The demand for our surplus stock has so increased that we now feel warranted in making this a special branch of our business. Florida is a growing State, and no branch of industry is attracting more attention than orange culture. A large amount of capital is being invested in this business, attracted no doubt by the large profits realized from bearing groves. The number of groves started in 1879 exceeded that of any previous year. A large portion of these trees died, or were irrecoverably stunted by unseasonable transplantation, improper soil, location, or management. This was largely owing to the ignorance of many respecting the peculiarities of our soil and climate, and the habits of semi-tropical fruit trees. To afford some reliable information among many conflicting statements we have added to our Catalogue a brief but comprehensive Guide To Orange Culture. We have avoided all doubtful points,...
