GNU Make Book
By John Graham-Cunning

No Starch Press,US. Paperback. Book Condition: new. BRAND NEW, GNU Make Book, John Graham-Cunning, GNU Make is the ultimate utility for automatically building programs from source files. But even though GNU Make is the go-to tool for developers and end users needing to build, update, and install packages, it remains notoriously tricky to understand and use correctly. Learners and regular users who run into problems face a long, confusing struggle, often leaving GNU Make's full potential untapped. GNU Make Unleashed demystifies GNU Make and highlights its most powerful features. Author John Graham-Cumming combines a fast but thorough rundown of the basics with handy solutions to common problems and deeper insights into GNU Make's most useful capabilities. Part manual, part recipe book, GNU Make Unleashed fully equips you to use GNU Make confidently and effectively in the situations you'll inevitably encounter.In this book, you'll learn about: User-defined functions, macros, and path handling Creating makefile assertions and debugging makefiles The pitfalls and benefits of GNU Make parallelization Automatic dependency generation, rebuilding targets, and non-recursive Make Using the GNU Make Standard Library GNU Make Unleashed is the first new guide to GNU Make in ten years, and comes recommended by the official GNU...
