Reviews

Thorough information! Its this type of great go through. It is amongst the most incredible publication i actually have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.

THE LONG ROAD TO BAGHDAD: A HISTORY OF U.S. FOREIGN POLICY IN THE MIDDLE EAST, FROM THE VIETNAM WAR TO THE PRESENT (HARDBACK)

[DOWNLOAD](#)

The New Press, United States, 2008. Hardback. Book Condition: New. 236 x 155 mm. Language: English . Brand New Book. In this stunning new narrative of the road to America's new longest war, one of the nation's premier diplomatic historians excavates the deep historical roots of the U.S. misadventure in Iraq. Lloyd Gardner's sweeping and authoritative narrative places the Iraq War in the context of U.S. foreign policy since Vietnam, casting the conflict as a chapter in a much broader story--in sharp contrast to the host of recent accounts, which focus almost exclusively on the decisions (and deceptions) in the months leading up to the invasion. Above all, Gardner illuminates a vital historical thread connecting Walt Whitman Rostow's defense of U.S. intervention in Southeast Asia, Zbigniew Brzezinski's renewed attempts to project American power into the arc of crisis (with Iran at its center), and, in the aftermath of the Cold War, the efforts of two Bush administrations, in separate Iraq wars, to establish a landing zone in that critically important region. Far more disturbing than a reckless adventure inspired by conservative ideologues or a simple conspiracy to secure oil (though both ingredients were present in powerful doses), Gardner's account explains the Iraq War as the necessary outcome of a half-century of doomed U.S. policies. The Long Road to Baghdad is essential reading, with sobering implications for a positive resolution of the present quagmire.
