This is the finest book i have got go through right up until now. I have got read and i also am confident that i am going to planning to read once again yet again in the future. You will not truly feel monotony at at any time of the time (that's what catalogs are for about if you check with me).

Excerpt from Man Responsible for His Dispositions, Opinions, and Conduct: A Lecture Delivered in the Mechanics Institution, Southampton Buildings, on Feb, 17, 1840 Aristotle may have taught a false system of the universe, and Plato may have dreamed in politics and morals; but can we turn over the pages of a greek lexicon, and affect to doubt whether the greek mind was of philosophic cast? With the greek language before us, in its mere words and idioms, we want no historians, we want no poets, we want no marbles, we want no temples, to assure us that the race of men using that tongue, were, in mind and taste, all that historians, poets, marbles, temples, show them to have been. And it deserves particularly to be noted, that, while the languages of civilized races at large furnish evidence on all points touching man s nature, physical, intellectual, and moral, so those especial refinements, which characterize this or that language, and which have resulted from the eminent attainments of the people using it, serve to exhibit that one rudiment of human nature, as we might say magnified, and its inner structure expanded. It is not in the rude speech of nomadic hordes, or in the talk of the fish-eaters of a desolate shore, that we are to look for the record of the genuine rudiments of human nature; but rather in the copiousness of tongues which have conveyed the choicest refinements of those rudiments. Were it questioned whether man be an imaginative being, formed to catch analogies, and to be charmed with resemblance; three-fourths of every language, barbarous or civilized, attests the fact; nor is this evidence touched by any instances of what...
