Forgotten Books, 2017. Paperback. Condition: New. Language: French . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Journal des Savants, 1887 D autres savants observateurs se declarent psychologues. A les en tendre c est bien une methode psychologique qu ils emploient, mais non pas l ancienne, non pas la vieille, qu ils tiennent non seulement pour vieille mais pour morte. Ce sont les zoologistes proprement dits. Notre methode, disent - ils, est objective, autrement large que le procede sub jectif et seule vraiment comparative. Par de longues accumulations de faits, de recits, d observations, les facultes de chaque espece animale nous sont desormais connues. Nous sommes en etat de comparer les actes d une espece avec les actes d une autre espece; de suivre la compli cation progressive des facultes du plus bas degre de l echelle animale jusqu au plus haut; de mettre la progression des aptitudes psychologiques en parallele avec la progression des organismes.tous ces rapprochements une fois accomplis, nous supposons un ordre chronologique semblable a l ordre hierarchique constate, et nous avons par la meme une explica tion positive de l origine et du devel0ppemet1t des facultes animales. Quant a l homme, on ne saurait le detacher de cette imposante serie dont nous apportons la science. S il en est le dernier, le plus haut degre, il la resume. S il la resume, il doit etre naturellement explique par la connaissance des etres qui le precedent et le preparent, dans lesquels nous vous faisons retrouver piece par piece sa nature complexe.
