Reviews

This publication is fantastic. It is one of the most amazing publication i have got study. I am just pleased to explain how this is actually the best pdf i have got read through in my individual lifestyle and could be he finest publication for possibly.
(Mr. Kristoffer Hills)

DEFENSE COMMUNICATIONS: MANAGEMENT PROBLEMS JEOPARDIZE DISN IMPLEMENTATION: AIMD-95-136

BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 28 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. Pursuant to a congressional request, GAO reviewed the Department of Defense's (DOD) efforts to implement the Defense Information Systems Network (DISN), focusing on: (1) DISN objectives, requirements, management plans, and implementation status; and (2) whether DOD has effectively positioned itself to participate in the governmentwide post-Federal Telecommunications System (FTS) 2000 program. GAO found that: (1) DOD has not effectively managed its DISN program; (2) DOD has spent more than 100 million on DISN planning, implementation, operation, and management over the past 3 years; (3) DISN does not have validated operational requirements, approved plans for network implementation, or guidelines to ensure effective end-to-end management; (4) near-term DISN implementation is more than 2 years behind schedule and the program's objectives to improve DOD communications services and reduce costs are at risk; and (5) there is no assurance that the DOD approach to DISN implementation will meet long-standing DOD telecommunications needs. This item ships from La Vergne, TN. Paperback.
