The book is great and fantastic. It is written in straightforward words and phrases rather than difficult to understand. You won't really feel monotony at any time of your respective time (that's what catalogues are for regarding should you question me).

Brand New Book ***** Print on Demand *****.Pursuant to a legislative requirement, GAO examined the Military Education Program (MEP) for Army National Guard technicians to determine: (1) whether the Reserve Component Noncommissioned Officer (NCO) Education Program provided a viable alternative to MEP; (2) how participation in MEP affected technicians readiness; and (3) how MEP affected technicians personally, including their leave and other benefits. GAO found that: (1) the Army is revising the NCO program to align it more closely with MEP; (2) MEP and the new Reserve Component Program were generally similar in content but sometimes varied in duration; (3) MEP costs were about three times the Reserve Component Program s costs; (4) participation in MEP did not measurably affect units readiness, but it sometimes disrupted their operations; and (5) although MEP training requirements did not impose financial hardship on technicians, it did create some inconveniences. GAO believes that the Reserve Component Program offers a viable alternative to MEP due to its lower costs and greater convenience.
