SOUNDS TRUE INC, United States, 2008. CD-Audio. Condition: New. Language: English . Brand New. Many dogs love to go for a ride, but traveling in the car can also be extremely stressful. If your canine friend can't settle down for the trip, gets the shakes, or pants excessively, now you have a drug-free solution with Through a Dog's Ear: Driving Edition. This psychoacoustically designed music strikes the ideal balance of keeping you alert in the driver's seat while soothing your dog's nerves for a comfortable, pleasant journey. The breakthrough research behind Through a Dog's Ear shows that the canine nervous system is extremely sensitive to sound, and that special arrangements of classical music have a profound soothing impact on anxious dogs. Now sound therapy expert Joshua Leeds brings you lively yet relaxing music designed especially for use in the car with Through a Dog's Ear: Driving Edition. Whether you're taking your four-legged friend for a short spin across town or on a long road trip, here is an invaluable musical companion to help both you and your dog enjoy the ride.
