

James Watt and the Application of Science to the Mechanical Arts: An Inaugural Address Delivered in the University of Glasgow, November 11th, 1889 (Classic Reprint)

By Archibald Barr

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from James Watt and the Application of Science to the Mechanical Arts: An Inaugural Address Delivered in the University of Glasgow, November 11th, 1889 Still the conditions of life to-day are vastly more in contrast with those of last century in the material environment of man, than in any other aspect. Works which were produced ages ago still remain the grandest creations of the human mind and hand, in the realms of literature and of art, but few, if any, of the inventions of our forefathers remain in use. Even those connected with the most necessary processes in preparing clothing to cover, and food to nourish us, have entirely changed. The distaff and the spinning wheel alike are superseded, and the millstone, which may be regarded as the last relic of the age of stone, and which only ten years ago held its place as almost the only contrivance for the grinding of corn, may be looked upon to-day as a thing of the past, which must soon find its only place in historical collections. Mechanical...
