

CouchDB and PHP Web Development Beginner s Guide (Paperback)

By Tim Juravich

Packt Publishing Limited, United Kingdom, 2012. Paperback. Condition: New. Language: English . Brand New Book. Each chapter follows the creation of a social networking application with step-by-step instructions. This means that you will have easily created a complete, working application by the end of the book. This book is for beginner and intermediate PHP developers interested in using CouchDB development in their projects. Advanced PHP developers will appreciate the familiarity of the PHP architecture and can easily learn how to incorporate CouchDB into their existing development experiences.

Reviews

Extensive information for book fans. It is written in basic words and never hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- Otis Wisoky

This publication is great. It is full of wisdom and knowledge. You will not really feel monotony at any time of the time (that's what catalogs are for relating to when you ask me).

-- Dr. Everett Dicki DDS
