

## Drawing for Landscape Architecture: Sketch to Screen to Site (Hardback)

Filesize: 4.47 MB

### ***Reviews***

*Great e book and beneficial one. It is amongst the most awesome pdf i actually have read through. You wont feel monotony at at any time of your own time (that's what catalogs are for relating to if you request me).*

*(Dorothy Daugherty)*

## DRAWING FOR LANDSCAPE ARCHITECTURE: SKETCH TO SCREEN TO SITE (HARDBACK)

Thames Hudson Ltd, United Kingdom, 2011. Hardback. Condition: New. Language: English . Brand New Book. This essential publication reintroduces the importance of learning to see by hand, to visualize large-scale design schemes and explain them through drawing, before using the digital tools that are so crucial to efficient and cost-effective building solutions. Combining traditional drawing techniques with those from CAD rendering, in nine chapters, Drawing for Landscape Architecture guides practitioners from their very first impression of a site, through concept and schematic design and client presentation to construction and site drawings, concluding with two case studies that show the final result. Just as hand-drawing returns to design courses around the world, this welcome publication celebrates the best aspects of traditional techniques while incorporating them into today s digital design methods.
