Brand New Book ***** Print on Demand *****.The sharing and safeguarding of critical information fundamentally enable the unique national security and law enforcement missions of the Federal Bureau of Investigation (FBI). Continued and significant progress in sharing and safeguarding characterized the FBI in 2012. With significant enhancements to several of its technical and operational sharing and safeguarding capabilities in 2012, the FBI reaffirmed its commitment to responsibly sharing timely, relevant, and actionable intelligence with the widest appropriate audience while protecting the privacy and civil liberties of the American people. In 2012 the President signed the National Strategy for Information Sharing and Safeguarding (NSISS), setting the stage for implementation of significant new initiatives and the continued structural, technical, and cultural advancements across the U.S. Government to further enhance national security. The FBI provided significant input to the strategy, and participated throughout 2012 in the coordination of the strategy s implementation guidance soon to be published. The FBI continued to lead and participate in significant information sharing initiatives in 2012. This report, presented by the FBI Chief Information Sharing Officer (CISO), provides a summary of the many...
