FLUID FLOW IN PIPING AND PIPELINES (PAPERBACK)

Xulon Press, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Techniques and calculation tools which are useful in plant hydraulic designs or operations involving process or utility lines are presented in this volume of vapor-liquid equilibrium flash vaporization (EFV) and fluid flow. The EFV and flow equations are first presented via consistent principles of thermodynamic laws. Physical laws governing conservations of mass, force/momentum and heat with an equation of state are interwoven with the...
