Marick Press, United States, 2009. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.A shocking poetic account of an event that was kept secret: the throwing of the bodies of the disappeared in Chile into the mouths of volcanoes and into the sea. INRI responds to the need to find a language for an event that was kept hidden and excluded from official records in Chile: the fact that the bodies of the disappeared were thrown out of helicopters into the mouths of volcanoes and into the sea. The challenge was to confront the contemporary epoch, with its particular forms of violence, including violence done to language. INRI is distinctive...
