One of the most interesting subjects to which an ethnographer travelling among the Indians can direct his attention, is undoubtedly the language of signs and symbolic writing so extended through these tribes. I may say with Shakspeare, I cannot too much muse Such shapes, such gesture, and such sound expression (Although they want the use of tongue), a kind Of excellent dumb discourse. This matter is connected with so many other remarkable questions, that I should have to write a comprehensive work if I wished to exhaust it. I will confine myself, then, to explaining clearly and fully my own little stock of knowledge on the subject acquired among the Ojibbeways. The commencement of the symbolic writing must 138 ORIGIN OF SIGNS. probably be sought in the language of signs. The Indians first represented their meaning with fingers and hands, adopted in conversation certain repeated signs and gestures, and then tried to imitate these and give them a permanent character by marks on the birch bark (their paper). I will, therefore, begin with the sign-language, but only make a few remarks, as...
