Oxford University Press Inc, United States, 2008. Paperback. Book Condition: New. 2nd Revised edition. 231 x 185 mm. Language: English . Brand New Book. In the second edition of *Interviewing*, experienced educators Rob Anderson and G. Michael Killenberg explain and demystify the interviewing process, offering students a practical guide to the fascinating art of asking and answering questions. Throughout, they urge students not to view interviewing as a procedure or as a collection of techniques; instead, they present the process of interviewing as a fascinating opportunity for learning through dialogue. The basic motivation for interviewing is learning something new. Each chapter features two sections: *The Basics*, which describes essential skills, and *Beyond the Basics*, which places them into a relevant context. Moreover, interviewing skills are clearly divided into three interrelated types: Listening, Questioning, and Framing. To highlight the practical, real-world significance of interviewing, the authors encourage students to apply their learning actively and to connect their skills with ideas from other communication, social science, and humanities courses. This student-friendly text also includes the following features: * An emphasis on how interviewing contributes to the quality of public dialogue * An integrated approach to both interviewer and interviewee roles * In-depth coverage of culture and ethics * Innovative boxed supplements, including: - Interviewers/Interviewees in Action boxes, featuring first-person accounts - Trying Out Your Skills boxes - End-of-chapter Making Your Decision boxes, which present interactive hypothetical situations designed to generate class discussion In addition, each chapter includes *The Interview Bookshelf*, an annotated section recommending books that students will find helpful for further reading or for future interviewing-related assignments in other classes. A comprehensive online Instructor's Resource Guide is also available and provides suggestions for class activities, resources, and assignments.
