Oxford University Press, 2000. Hard Cover. Condition: New. Dust Jacket Condition: Very Good. 1st Edition. This book aims to provide consumers with all the information they need to make an informed decision about the risks and benefits of genetically modified (GM) food. In an accessible and lively manner, the book explains: the technologies underlying GM food; 'natural' methods of plant breeding and production and how they compare with GM technology; the safeguards put in place by regulators around the world - are they sufficient?; the honesty and usefulness of labelling; health and environmental issues arising out of GM technology; the truth behind some of the scare stories; and how consumers can seek to avoid GMOs if they so choose. Read this book and you will be able to decide whether to support or challenge this technology, the products of which are increasingly pervasive. Dust jacket is price clipped, otherwise the book is like new, never been read. Current list price: \$43.50.
