When Vanessa visits a friend's family on their ranch in Mexico, she's expecting a relaxing summer. Instead, she enters a shadowy world of mysterious animal death, magical curses, and dark family secrets. Vanessa's hosts are in trouble. Their ranch is struggling; there's been no rain, and animals are being killed by an unidentified predator. Could it be the mythical creature mentioned in her mother's cryptid files-- the bloodsucking Chupacabra? Or do the ranch's misfortunes have something to do with the family's painful past?
