Global Vision Publishing House, New Delhi, India, 2009. Hardcover. Book Condition: New. Dust Jacket Condition: New. In the present volume, author ventures into the challenging task by identifying and unveiling the ideological underpinnings operative in the construction and deconstruction of the Adamic myth in the Judeo-Christian scenario. He delves deep into the intricacies of the literary forms of myths, metaphors and Midrash involved in interpreting, legitimizing, or reinforcing later-day ethno-historical claims of a particular group of people against the prevailing amicable or inimical background. The ideological assertions of these literary forms, enforcing the consciously chosen traditional or hereditary authority, seek to overpower the currently popular, rational, legitimate or democratic authority. At this juncture, one cannot turn a blind eye to the legitimate or questionable political transactions on the ideological sites by the powers vying with each other to gain the dominant space. In exposing these ideological interplays, the author deploys the tools from the world of the biblical, mythological, theological, literary, historical, anthropological, linguistic, and hermeneutical disciplines.
