An osteologist is one who studies the structure of bones, skeletal elements and teeth. Though targeted at the young people of Saint Lucia this book presents career guidance information that may be used by anyone - the young and the old (in search of that second career) as well as anyone living outside of the Caribbean Island. Too many people do not know what career path to follow; or having decided on a career are not sure on how to achieve the goal. These books target all young people: those at Secondary (high) Schools as well as those in prison, at remedial school, or drop outs. A mistake in ones youth should not be a deterrent to anyone achieving their career goals. The intention, as with all these books is to provide information in an easy to absorb manner. The series speaks to the reality of funding, encourages entrepreneurship and speaks frankly to the job opportunities that exist for the chosen career. This is an excellent resource for the youth that is worth sharing! World Bank This item ships from La Vergne, TN. Paperback.
