Paperback. Book Condition: New. Paperback. 185 pages. Be normal. Thats the one demand of the Abnormality Investigation Unit. Be normal, and tell us what isnt. Well make it go away. And with control over the military, government, and all scientific research they are in a position to make sure you obey and adhere to it. One such not-normal thing is Project LGM- Little Green Man which oddly has nothing small, nothing green, and is not related to men. In fact, Project LGM is about an alien made entirely of crystal that crashed to Earths surface in the 20th century. The alien is experimented on under the command of a certain Jordan Cordell. Jordan was about to enjoy himself on Thanksgiving, getting ready to go to the city on some leave. But since something always needed to go wrong, Jordan didnt end up having a good holiday. It is terribly difficult to enjoy a frontal assault by an unknown enemy, culminating in a nuclear strike that destroyed all the work Jordan had done for years. On top of that, Project LGM escaped, so he had an alien on the loose that didnt technically exist. A man Jordan was pretty sure had executed himself had decided to pay a visit to Jordans interrogation. You can see why Jordan didnt have fun on Thanksgiving. And, to top it all off, Jordan has to go head-to-head with a madman trying to create a paradise for himself- even if it means hell on Earth for everyone else. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
