iUniverse, United States, 2014. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The news is perplexing. Both the president and vice president of the United States have fallen ill with mysterious, flu-like symptoms. It is not long before both me receive the same devastating diagnosis: pancreatic cancer. But that is not the worst of it. Soon, many in Congress and the Supreme Court start to exhibit the same symptoms. In less than four months, the president is dead, the vice president is barely hanging onto life, and one-third of Congress is deceased. Unfortunately, the United States is not the only country ravaged by the scourge. By the time research leads medical experts to determine that only Muslims seem to be immune to the plague, most governments around the world are left with few survivors. As a Muslim takes over the presidency of the United States, he declares that the cancer spares no one except true believers in Allah. After he urges nonbelievers to convert to Islam in an effort to stop the population from dying off forever, a ban on pork and alcoholic beverages is put into place. But it is not long before experts discover what is truly causing the epidemic: a sinister virus. In this political thriller, the world is thrown into turmoil as a powerful group of evil saboteurs hold the future of humanity hostage.
