

Mongolian-German Karakorum Expedition. Vol. 1: Excavations in the Craftsman Quarter at the Main Road

By Bemann, Jan / Erdenebat, Ulambayar / Pohl, Ernst

Dr. Ludwig Reichert Verlag, 2010. Hardcover. Book Condition: Neu. 29X19. Forschungen zur Archäologie Außereuropäischer Kulturen, 338 S. 199 s/w Abb./ill. b/w, 35 Tafeln/tables. Karakorum, the first capital of the Mongol empire, has, since 1998, been explored by archaeologists from the University of Bonn in an interdisciplinary and international cooperation project. This first multi-year study of a newly founded city in the Mongolian steppe sheds new light on the complexity of equestrian nomadic organizations. The excavation area on the main street of the city opened a deep insight into Chinese crafts quarters and the living conditions of residents in the 13th and 14th Centuries AD. This publication includes findings from the excavations in the city center as well as contributions on the research history of Karakorum, but also on environmental geography and history of religion.

Reviews

This ebook is wonderful. I have got go through and so i am certain that i am going to likely to read through once again again later on. You will like the way the article writer compose this ebook.

-- **Miss Ariane Mraz**

This pdf will not be simple to start on reading through but extremely enjoyable to see. I have read and i also am sure that i will planning to read through again once more in the foreseeable future. You wont really feel monotony at whenever you want of the time (that's what catalogues are for relating to if you request me).
