

A Life Worth Living: A Doctor s Reflections on Illness in a High-Tech Era (Paperback)

Filesize: 5 MB

Reviews

Unquestionably, this is the best operate by any author. It is among the most amazing pdf i actually have read. Its been designed in an remarkably basic way which is just right after i finished reading this pdf by which basically altered me, change the way i believe.
(Harold Spencer)

A LIFE WORTH LIVING: A DOCTOR S REFLECTIONS ON ILLNESS IN A HIGH-TECH ERA (PAPERBACK)

Farrar, Straus Giroux Inc, United States, 2009. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Critical illness is a fact of life. Even those of us who enjoy decades of good health are touched by it eventually, either in our own lives or in those of our loved ones. And when this happens, we grapple with serious and often confusing choices about how best to live with our afflictions. A Life Worth Living is a book for people facing these difficult decisions. Dr. Robert Martensen draws on decades of experience with patients and friends to explore the life cycle of serious illness. He connects personal stories with reflections on mortality, human agency, and the value of cutting-edge technology in caring for the critically ill. Timely questions emerge: To what extent should efforts to extend human life be made? What is the value of non-traditional medical treatment? How has the American health care system affected treatment of the critically ill? And finally, what are our doctors responsibilities to us as patients, and where do those responsibilities end?.
