Brand New Book ***** Print on Demand *****.With the increase in tensions around the world and in the US, and with the specter of climate change threatening even more natural disasters, more and more people are beginning to think about getting prepared for the unthinkable. Ms Walker considers the best ways to prepare to deal with their aftermath and in Vol. 2, she presents us with a detailed checklist of everything you will need to survive in a topsy-turvy world in which nothing will ever be the same. A sample of the contents for Vol. 1 include such topics as: Take stock of yourself and your skills, Guns and Ammunition, Heating and Air conditioning, Money, Shelter types, Transportation, Trash and Garbage, Pets and Livestock. Children, Long term survival food...
