Darton, Longman Todd Ltd, United Kingdom, 2005. Paperback. Condition: New. Language: N/A. Brand New Book. Nicholas Lash has been one of the most original and influential theologians in Europe and the US over the past forty years. *Seeing in the Dark* is the first collection of Lash's sermons to be published. Aimed at a different audience to his academic work, they reveal a more relaxed and informal side to his work. Consistently lively and thought-provoking, often humorous, they range widely from literature and politics to the philosophy of religion, from theology to meditations that take a surprising slant on familiar gospel readings.
