Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from The New Salesmanship and How to Do Business The salesman should become so proficient in the study of human nature, that he can, in less than a half minute, tell the predominant element of temperament in his prospective buyer, that he may not only get that person's attention, but awaken and hold his interest while he presents and explains the merits and acceptable side of his goods, or article. The surest method to pursue is to study the phrenological system of temperaments. We will classify them briefly under three heads, viz., The mental or thought producing, the motive, or will type, the vital or feeling type. These have an anatomical and physiological basis and are very simple and comprehensive. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
