Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.In the 21st century, many people still in-sist on not recognizing women as an essential and strong part of society. We have all been brought up in sexist systems, and if discrimina-tion against the female gender is still strong here in the West, what is the situation among people who consider women mere objects, without dignity or humanity? However, when we observe and analyze the lives of women from the past and the pre-sent - women like Ruth, Dandara dos Palmares, Yeonmi Park and many others, each of whom decided to fight and to pay the price to change this odious reality - we understand that there is hope. Hope that there will be equal rights, obli-gations and opportunities for women and men. Hope that the masculine and feminine roles, though so different, will be completed and en-riched. Get to know the lives and trajectories of women who, within their possibilities, made the unexpected happen simply by believing in the hope of new days.
