Uncle Eli, said Hamilton suddenly, since I'm going to be a census-taker, I think I'd like to apply for this district. The old Kentucky mountaineer, who had been steadily working his way through the weekly paper, lowered it so that he could look over the top of the page, and eyed the boy steadfastly. What for he queried. I think I could do it better than almost anybody else in this section, was the ready, if not modest, reply. Waal, perhaps you might, the other assented and took up the paper again. Hamilton waited. He had spent but little time in the mountains but he had learned the value of allowing topics to develop slowly, even though his host was better informed than most of the people in the region. Although not an actual relative, Hamilton always called him Uncle because he had fought with distinguished honor in the regiment that Hamilton's father commanded during the Civil War, and the two men ever since had been friends. I don't quite see why any one should elect to take a hand in any such doings unless he has to, the Kentuckian resumed, after a pause; that census business seems kind of inquisitive some way to me. This item ships from La Vergne, TN. Paperback.
