PRODUCTION, PURIFICATION, CHARACTERIZATION AND APPLICATION OF LIPASES

Production, Purification,
Characterization and
Application of Lipases

LAMBERT

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | As we know that during past decade chemical industries has witnessed a stringent rein by environment protection agencies which advocate the importance of biocatalysts as a driving force for chemical industries as the enzymes are highly specific, selective and efficient. Among different enzymes which find their places in industrial processes, lipases stand apart because of its versatility and potential to carry out diverse range of biotransformation reactions in organic solvents.
