Penguin Books Ltd, United Kingdom, 2017. Paperback. Condition: New. Language: English . Brand New Book. A magnificent opus . extraordinary, spellbinding . this book does what no other on autism has done Ann Bauer, Washington Post*Pulitzer finalist 2017*The stunning history of autism as it has been discovered and felt by parents, children and doctors Nearly seventy-five years ago, Donald Triplett of Forest, Mississippi became the first child diagnosed with autism. In a Different Key tells the extraordinary story of the world his diagnosis created - a riveting human drama that takes us across continents and through some of the great social movements of the twentieth century. The history of autism is, above all, the story of families fighting for a place in the world for their children. It is the story of women like Ruth Sullivan, who rebelled against a medical establishment that blamed refrigerator mothers for causing autism, of fathers who pushed scientists to dig harder for treatments, of parents who forced schools to accept their children. But many others played starring roles too: doctors like Leo Kanner, who pioneered our understanding of autism, scientists who sparred over how to treat autism, and those with autism, like Temple Grandin and Ari Ne eman, who explained their inner worlds and championed a philosophy of neurodiversity . This is also a story of fierce controversy: from the question of whether there is truly an autism epidemic , and whether vaccines played a part in it, to scandals involving facilitated communication , one of many treatments that have proved to be blind alleys. And there are dark turns too: we learn about experimenters feeding LSD to children with autism, or shocking them with electricity to change their behaviour; and the authors reveal, for the first time, that Hans Asperger, discoverer of the syndrome named...
