Xulon Press. Paperback. Condition: New. 64 pages. Dimensions: 11.0in. x 8.5in. x 0.1in. Love, Respect and Trust is a work about solidifying healthy relationships, particularly, in marriages so that the quality of our life improves. As a mathematician, I have attempted to wrap structure around the architecture of marriage so that couples can peer into its elements and begin to see the mechanisms for happiness. Having been married to the lovely woman in red for 50 years has given me a plethora of human experiences and wisdom. Being married to Karen was like living a symphony. The concepts for improvement are built around 7 new relationship models and there are a number of tools and techniques now available for the couple to use to make breakthroughs in the interpersonal side of the equation. By equipping partners with some simple tools we can begin to solve problems in the marriage like never before. If the quality of the relationship is low then we struggle and the relationship can be a burden. There is no reason that a relationship cannot reflect total joy. Its a matter of wanting to make a difference and following the guidelines here to set you in the right direction. The bottom line is that we can enjoy life more, there is less stress on the family, trust is now a common denominator, the children are subjected to a favorable learning environment and everyone is having fun. My purpose here is to begin to bring marriages back to what they were meant to be. . . filled with love and the right ingredients. If we can save more marriages, I believe we can improve the quality of life in America and improve the bottom lines of all businesses. Productivity would improve and our economy would turn around for the...
