Createspace Independent Publishing Platform, 2010. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. The ONLY book on the psychology of the big brother TV show When you watch Big Brother, do you have a feeling about which housemates like each other? Do you wish you knew what the housemates dreams meant? Would you like to be able to understand the housemates behaviours and interactions more like psychologist do? If the answer to these questions is YES, then this book is for you Learn to watch the Big Brother TV show in the same way that psychologists watch the show. Throughout this book the reader will learn to: - Be able to read the unconscious information that the Big Brother housemates give off verbally and non-verbally- Notice whether housemates are likely to be lying or telling the truth- Notice whether housemates are being manipulative- Know who is likely to do well and who is not- and much more.You will also learn what impact being in the Big Brother house is likely to have psychologically on the housemates and who is likely to cope best under the conditions set by Big Brother. The reader will learn about flirt signals, bullying in the house and interpreting the housemate s dreams. Throughout this book I have used examples from UK Celebrity Big Brother 2007 to illustrate the points that I am covering. As a fan of Big Brother I watch it in a different way to most people. Due to my training and experience as a psychological interpreter when I watch Big Brother I observe how the different contestants behave and interact with each other. I don t make interpretations in quite the same way as most other psychologists and psychotherapists do. For example: Many psychologists look for...
