Your child is the best toy (2) will foster the children's game five competencies and half-hearted for example. you're a child the best toys (2) to tell the parents for their children how to create a good game. how to participate in and guide their children to games. how to deal with the situation of children in the game and negative emotions. and parents should avoid the errors in the game. so that parents have the game cultivate a high EQ child! Each child's growth process. is a constantly enhance the ability of social survival and personal development process. In infancy. the first need to develop self-cognitive abilities. so that the child be able to distinguish between themselves and others. Followed by the independence and self-control abilities. including the two aspects of the physical and psychological independence and self-control. Larger. you can cultivate the child's ability to resist setback and self-motivation. To preschool. it is necessary to gradually develop a child's self-confidence. love. responsibility and sense of gratitude. integrity awareness. Although these various names. but they can be summarized into two words: emotional intelligence. The child's emotional intelligence is mature or not. is reflected in whether he can show his age-appropriate emotional control ability and social skills. which is the most important ability in the child said to the community. but also whether a person really grow and mature metrics. However. how to foster the children's emotional intelligence is still a problem in front of their parents. In fact. the culture of EQ is not advanced. it is hidden in our daily lives. Child's daily activities is just a game. the game...
