MAKING ROOT BEER AT HOME (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This is the Second Edition of this Book. The major difference is there are no instructional images to follow along with. Root beer started out being made with all sorts of herbal combinations and natural ingredients. Today the mass production of soda pop has removed most or all natural and healthy ingredients from Root Beer and other sodas. Here is an opportunity and a way to make your own all natural healthy Root Beer your own way without all the sugar and preservatives. Learn how to make your very own Root Beer at home with real roots and spices to get the flavor of Root Beer. The method described in this book is one of the very same methods used back before electricity was available. Those movies you see about the old days when kids were in the saloon ordering a sarsaparilla or birch beer, this is one of those types of recipes. This book will teach you how to make your very own root beer and teach you how to naturally carbonate your beverages as well. This is laid out in a step by step format with illustrations to help you through the process. Homemade beverages are much healthier for you and your family and contain a fraction of the sugar found in commercially available drinks.
