By J. Hank Rainwater

Apress. Paperback. Condition: New. 252 pages. Dimensions: 9.1in. x 7.3in. x 0.8in.Herding Cats: A Primer for Programmers Who Lead Programmers is a comprehensive guidethink of it as a field manualto the management challenges of supervising and leading programmers. J. Hank Rainwater introduces new and not-so-new managers to concepts that will encourage them and help them become a strong leaders for their teams. Youll learn about the varieties of programmer personality traits and be able match personnel to projects for maximum productivity. Youll also learn how to manage your strengths and weaknesses as you improve your leadership skills, which will result in dramatic improvements to your teams success. In this how-to manual thats both practical and thought-provoking, youll find several chapters devoted to administrative aspects of your job, such as managing meetings, hiring and firing, and principles of organizing your job for success. Rainwater also describes task management software he built that you can use to organize project assignments. (The source code for this software is available for download once you own the book). The chapter on technical leadership, which highlights the importance of architecture, design, and code reviews, also illustrates practical applications of leadership and concrete methods useful to any...
