Air Traffic Organization Safety Management System Manual (Paperback)

By U S Department of Transportation, Federal Aviation Administration

Createspace Independent Publishing Platform, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Air Traffic Organization s most fundamental imperative is to ensure the safety of the national airspace system. Safety can be effectively determined not only by the current absence of accidents, but also the presence of safe conditions well into the future. Therefore, as we build the Next Generation Air Transportation System, the resulting cross organizational changes to the NAS will require us to maintain an intensive, proactive, and systematic focus on safety. This focus is achieved through the implementation of the Safety Management System (SMS). The SMS formally integrates the ATO s safety-related operational processes, procedures, policies, and programs. SMS stresses safety assurance, through the analysis of safety data, and promotes a vibrant safety culture among our workforce. SMS also guarantees that every step we take toward NextGen, we are identifying, analyzing, and mitigating risk. This manual outlines the procedures and responsibilities regarding the functioning of the SMS. This manual was developed as the result of a consolidated, agency-wide effort and reflects current international best practices. Safety experts and managers from across the FAA contributed to its development. This version...
