

## 737ng Training Syllabus (Paperback)

Filesize: 2.33 MB

### **Reviews**

*A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.  
(Mitchell Kuhn III)*

## 737NG TRAINING SYLLABUS (PAPERBACK)

Createspace, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Learning to fly the 737NG like a real pilot is a challenging and exciting adventure awaiting computer-pilots. However, as the increasing complexity of the ADD-ON airplane models blurs the boundary between Professional flight training and flight simulation games, the task seems very difficult . or even impossible. Captain Mike Ray s 737NG Training Syllabus IS the document that will make this transition not only possible, but entertaining and . well, a whole lot more simple. Written for the beginner as well as the veteran simmer, the profusely illustrated material is crammed with details, diagrams, explanations and useful information. The material starts slowly but builds to a crescendo. It includes a section for the knows nothing Ab-initio wannabe pilot and builds to provide information and operational procedures that will provide interesting and useful insight to even the professional airline pilot community.This beautiful and unique document provides the access toolset to the knowledge base that will allow the ordinary garden variety flight sim addict to cross the bridge between operating the current state of the art home based PC flight simulation programs and the real airline style simulator. This book is a MUST HAVE item for the 737NG computer pilot who wants to fly the incredibly accurate add-on airplanes as if they were real pilots. This paperback Black and White version of Captain Mike Ray s book on training to fly the 737NG is a great bargain. You get all the same information that is in the pricier (but more beautiful) color version . and the same graphic and text that makes the volume such a popular item for both professional airline pilots as well as Flight Simmers. So get a copy . and learn...
