By Serge Lang, Gene Murrow

Springer-Verlag New York Inc., United States, 2000. Hardback. Book Condition: New. 2nd Revised edition. 236 x 155 mm. Language: English . Brand New Book ***** Print on Demand *****.At last: geometry in an exemplary, accessible and attractive form! The authors emphasise both the intellectually stimulating parts of geometry and routine arguments or computations in concrete or classical cases, as well as practical and physical applications. They also show students the fundamental concepts and the difference between important results and minor technical routines. Altogether, the text presents a coherent high school curriculum for the geometry course, naturally backed by numerous examples and exercises.
