NORSK, NORDMENN OG NORGE: ARBEIDSBOK

University of Wisconsin Press. Paperback. Book Condition: new. BRAND NEW, Norsk, Nordmenn Og Norge: Arbeidsbok, Kathleen Stokker, This workbook is designed to accompany an anthology of Norwegian writings. It provides a comprehensive grammar review and exercises, while also introducing new constructions necessary to comprehend and discuss the anthology's core selections. Intended primarily to complement "Norsk, Nordmenn, og Norge" the most widely used Norwegian text in the United States, the anthology may also be used independently and offers a lively, diverse collection of Norwegian writings for the intermediate-level student of Norwegian. The first section provides core readings that gradually grow in length and complexity, including stories, songs and dramatic sketches on themes ranging from romantic relationships and travel complications to women's rights and environmental issues. A second section on cultural background explores Norwegian geography, immigration to the United States, Germany's World War II occupation of Norway, and contemporary social issues in Norway. Students will find the third group of writings a useful start to expanding their use of Norwegian: selected texts are repeated in "nynorsk" (Norway's second official language), "riksmal" (the older form of the language), various Norwegian dialects, Swedish, and Danish, to demonstrate how minor adjustments in reading skills can make a wider range of writings accessible to the student. Bound by no single philosophy or teaching method, the anthology allows instructors to use their own approaches, while offering a range of specific suggestions for those who desire more structure. The anthology's eclectic character, introductions to selected Norwegian authors, vocabulary lists, and maps...
