

Proceedings Convention Volume 25, PT. 1

Filesize: 2 MB

Reviews

Extensive guideline! Its such a great go through. It is definitely basic but surprises in the 50 % of the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Fernando Hahn)

PROCEEDINGS CONVENTION VOLUME 25, PT. 1

Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1905 Excerpt: .This motor is capable of standing heavy overloads. It will develop from 50 to 60 per cent overload for short intervals without injury to the windings. Low starting current, which is inherent in this type of motor, makes it possible to operate it from one leg of a two or three-phase circuit without unbalancing the circuits. The connections for operating on different circuits are shown in Figure 2. In conclusion, I may state that we believe we have in this motor one that is in every respect the equal, and in many ways the superior, of the best type of direct-current elevator motor. Its characteristics are such that the acceleration can be made anything desired. The field that it will occupy is indeed very broad. The need of a practical, variable-speed, alternating-current motor has long been felt; and it is our belief that the above described motor will supply that want. DISCUSSION MR. RENSRAWI I should like to ask Mr. Cole if it is intended to apply this motor to other purposes than elevator service, such as the operation of machinery of the kind ordinarily used with direct-current series motors. I notice in a circular that apparently describes the same motor that the motor can be adapted for hoists and cranes, and I should like to ask what changes are made in order to adapt the motor for such purpose. MR. EGLINZ I should like more detailed information upon one statement made by Mr. Cole on...
