C Square Press. Paperback. Condition: New. 126 pages. Dimensions: 9.0in. x 6.0in. x 0.3in. There is little more precious than time. To waste your time living an unfulfilled, boring life is tragic. Unfortunately, I believe Thoreau was right when he perceived most people living lives of quiet desperation. This book is about finding and following your personal path out of the swamps of boredom. I call this path your Yellow Brick Road. Boredom is an obvious sign that you are off this pathway to a more fulfilling, abundant life. But, what is this thing called boredom? Why do we share this feeling with all higher animals? Could there be an important message, as well as an unrealized power, hidden beneath this annoying feeling? In this book I will take you through my personal journey from being an agnostic scientist, to the startling discovery that the Universe is aware, responsive, and intently seeking greater expression of Itself through us. As a biologist I saw that this Divine Intent applied to every speck of life in the Cosmos and not merely human life. In this journey of realization I discovered the meaning of this thing called life, and our individual Yellow Brick Roads to be profoundly connected. You have a purpose and destiny to fulfill and it's certainly not being bored! After you realize this important fact, the critical skill is navigating this path of Power, your Yellow Brick Road. I refer to this skill as stalking. Having been a hunter all my life, I use metaphors of hunting throughout the book; specifically bow hunting. I equate the tension of pulling the bowstring as being similar to allowing the tension of your boredom to build. Most waste this power beneath their boredom with indulgences and distractions such as alcohol, drugs, sex, etc. You need...
