

Epidemic Influenza: A Study in Comparative Statistics (Classic Reprint) (Paperback)

Filesize: 9.15 MB

Reviews

This composed ebook is wonderful. It really is written in basic words rather than hard to understand. You may like the way the writer compose this pdf.
(Ryder Nolan)

EPIDEMIC INFLUENZA: A STUDY IN COMPARATIVE STATISTICS (CLASSIC REPRINT) (PAPERBACK)**DOWNLOAD**

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Epidemic Influenza: A Study in Comparative Statistics The remarkable prevalence of influenza during the last three or four years has given occasion for considerable additions to the already extensive literature of the disease. 1. The phenomena of various outbreaks of this malady have been described and discussed at great length by numerous authorities, and in some respects with a completeness that leaves little to be desired. Nevertheless there still remain many points, relating especially to the actual nature and aetiology of influenza, concerning which our knowledge is extremely imperfect; and it is as a contribution towards the better understanding of these parts of the subject that the following pages have been written. They are the result of an extended investigation into the statistical materials which have been accumulating for many years past under the direction of the Registrar General; and which when carefully analysed and compared with such similar data as are available from foreign sources, seem likely to throw much light on what may be termed the natural history of diseases in general. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
