HOW TO ATTRACT ABUNDANCE AS A NOVICE AMAZON AUTHOR (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This dynamic little manual will lead you by the hand as you tap into Amazon s amazing propensity for attracting abundance as a novice self-published author. Through its associate publishing concerns Kindle and CreateSpace, Amazon opens the floodgates for embryonic authors to become published and perhaps even attain best seller status. No longer need writers wait for weeks, months, sometimes years to hear from traditional publishing houses on the outcome of slavishly prepared book proposals. Providing your story or commentary is truthful, the prose is clean, and you abide by the rules, Amazon will convert you into an instant published author with boundless opportunities to attract abundance. So what does it take to become an Amazon author? Above all it takes passion. -Passion for your expertise -Passion for your subject matter -Passion for your readers If you are not passionate about what you write, do not expect anyone else to show enthusiasm. You could write fiction, you write non-fiction, you could do both (as I do). If you have a stack of hot stories in your knapsack, start with fiction; if not, choose non-fiction to begin. Think about what you know and you know more than you think you know. You have expert knowledge on some topic or another. It could be work related, a leisure interest, or a hobby, and if you think no one else would be interested in what you know, you will be wrong. We are talking here about international exposure for your work and many like-minded people worldwide will want to know what you know and pay you to share your specialist knowledge.
