Reviews

It is straightforward in go through easier to recognize. I actually have study and that i am sure that i will going to study yet again again down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.

DRILL: A CHAPTER OF PEDAGOGY (CLASSIC REPRINT) (PAPERBACK)**DOWNLOAD**

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Drill: A Chapter of Pedagogy The work of instruction, technically considered, is complete when the right relations have for the moment been established between the knowing mind and that which is to be known. The pupil then has a momentary grasp of what he is being taught. But it is very evident that this grasp may, and in most cases probably does, fall far short of what is necessary, if he is either to possess the knowl edge in any proper sense of the word, or to have such facility in its employment as to make it really valuable, or to gain any genuine and permanent power from the exercise of his mental faculties.
