Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Caring for Your Lawn How to be the envy of the neighborhood! It s 9:00 a.m. in suburbia. Just like clockwork, garage doors open and out come the weekend warriors with their weapons at the ready. Like a scene straight out of The Stepford Wives with roles reversed, all the mowers are started at the same time and the trusty steeds fall in line and obey their masters as they methodically crisscross the lawn in precise geometric patterns. Okay, okay so we exaggerated a little. But you must admit, it s a pretty familiar scenario, right? The only thing missing is all of the white knights chatting over the hedge about which mower is the best and how to have the greenest lawn on the block! Well listen up trusty White Knight. You CAN win the battle of Bermuda. . . Bermuda grass that is. If you are serious about winning the weekend trophy of having the best-looking lawn on the block, pay attention. It isn t enough that you know how to mow pretty patterns. And it doesn t matter that you used your firstborn s college fund to install that sprinkler system. A beautiful lawn does not live by pretty patterns and water alone. You need to wise up and smell the fertilizer. Caring for Your Lawn is just what you need. Take a look: -What is a Lawn - That is NOT a trick question. Find out why inside. -Mowing - When to mow, how to mow and how long or short should the grass be. What zones require more frequent mowing and how often? -Equipment - Are you asking a pony to do the job of a draft...
