Reviews

It is great and fantastic. I actually have read and so i am certain that i am going to going to go through once again yet again in the future. I realized this ebook from my dad and i encouraged this book to find out.

THE END OF MEN: AND THE RISE OF WOMEN

Riverhead Books, 2013. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: A Washington Post Notable Nonfiction Book of 2012 "Rosin is a gifted storyteller with a talent for ferreting out volumes of illustrative data, and she paints a compelling picture of the ways women are ascendant." Time "A fascinating new book." David Brooks, The New York Times "Pinpoints the precise trajectory and velocity of the culture. Rosin's book, anchored by data and aromatized by anecdotes, concludes that women are gaining the upper hand." The Washington Post "A persuasive, research-grounded argument. The most interesting sections in The End of Men show that in the portions of the country where, through culture and money, something like equality between the sexes is being achieved, the differences between them collapse." Esquire "Heralds the ways current economic and societal power shifts are bringing "the age of testosterone" to a close and the consequences." Vanity Fair "Refreshing. Rosin's book may be the most insightful and readable cultural analysis of the year, bringing together findings from different fields to show that economic shifts and cultural pressures mean that in many ways, men are being left behind. The End of Men is buttressed by numbers, but it's a fascinating read because it transcends them. Rosin's genius was to connect these dots in ways no one else has for an unexpected portrait of our moment. The End of Men is not really about a crisis for men; it's a crisis of American opportunity." The Los Angeles Times "Especially timely. Rosin has her finger squarely on the pulse of contemporary culture. fresh and compelling." USA Today "[Rosin's] thorough research and engaging writing style form a solid foundation for a thoughtful dialogue that has only just begun. It's not the final word on gender roles...
