dawn of humanity, the war has not stopped. War and peace always staggered, both plays a catalytic role in the development and progress of human
civilization, threatening the survival of human beings. Is an indispensable factor in the war, but also the human development indicators. And is
closely related to the course of the war, and greatly affected the era of the political process. For example, in World War I in the trenches and
machine-gun group based defense proved superior to the offensive, the First World War trench warfare dominated. During World War I, the
defensive than offensive, submachine guns, artillery, poison gas, the mature-led war situation, Family members, with the advancement of
technology, the endless stream of new members, have their own characteristics. Spear and shield confrontation developed, showing the numerous
characteristics compatible brought many difficulties to the classification. In broad terms, the war can be divided into strategic, operational and
tactical; destroyed the extent and scope can be divided into conventional book focuses on the unconventional. Unconventional is the atomic and
hydrogen bombs, nuclear, chemical, biological mass destruction and the people not be able to control and predict its consequences. Nuclear non-
conventional, because of its damage damage is great, on the one hand, has been rapid development, on the other hand has been difficult to
actually use. It has been asserted...
