This ebook will never be effortless to get started on studying but extremely fun to read through. It is actually written in easy phrases and never difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Roy Killion, AKA Kilroy, is the country's top counter-terrorism agent. Already recommended to lead the new, elite, Joint Departmental Operations Terrorist Taskforce, or JDOTT, consisting of the best counter-terrorism warriors in the world, an imminent threat accelerates its operational status. Roy is comfortable with things that are accelerated, it's a part of his mental condition which he maintains control of while using it to its greatest effect. An Israeli Mossad agent posing as an informant to the British Secret Intelligence Service reveals a new, united, terrorist paramilitary organization that will be led by a general of intelligence from a member state that is but one providing multi lateral support to the new Islamic Jihad Alliance. Support also comes from an unsuspected source complicit with geopolitical aspirations. Prior to his selection to lead JDOTT, Roy is being investigated for the required security clearance without his knowledge. The very capable and beautiful female FBI agent tasked with the clearance investigation also has a rather interesting brother. When Roy is not contracting to the CIA, Diplomatic Security Service or Homeland Defense Department, he runs a security and protection service. Nestled on forty acres close to the Potomac River, his facility has three different firing ranges where folks are taught to shoot and train for qualification of their concealed carry licenses. Roy's mentor, a former Marine Force-Recon sniper assists Roy in the operation of KSP. He's also directly responsible for the events that lead Roy from being a young observer for Naval Intelligence to Kilroy, one of the world's most lethal operators. Over time, Roy's abilities as a sniper/counter-sniper are unparalleled even by the best Marine Corps Scout/Snipers, including his mentor,...
